

INFORMATION YOU CAN USE from SCHOLARSHIPS

*Are you a child care provider interested in going to school
to earn an
Early Childhood Education Credential
.... but not sure you are ready for college?*

You can take a
Free ASSET/COMPASS* Preparation Workshop
A review of basic reading, writing, math and test-taking skills
to prepare you for technical college admission!

The free 6-hour workshop is an **informal, non-threatening, interactive environment** where participants are encouraged to identify their areas of relative strengths and weaknesses; and the instructors really make the experience pleasant and fun! ASSET is the preferred placement exam of Georgia's Department of Technical and Adult Education to assess a student's abilities and skills level to better determine their ability to succeed.

Georgia's 34 technical colleges offer these Early Childhood Education credentials:

- Technical Certificates (including a Child Development Associate certificate)
- Technical Diplomas
- Associate Degrees

For information and to register for a free workshop contact:
