

## CARE SOLUTIONS, INC.

### *Our Vision and Mission*

#### *Vision*

Care Solutions is the leading strategic consulting firm for companies and government agencies in the Southeast. Our work is valued by the clients we serve.

#### *Mission*

Care Solutions provides expertise in program management, professional development/training and online database development to help companies and government agencies perform at optimal levels and achieve meaningful change.

#### *Culture*

Care Solutions:

- is a team of individuals who deliver results and deliver them on time;
- is a supportive team that is committed to each person's individual and collective success;
- is a work environment built on results, not egos;
- is a firm which supports ongoing personal and professional development; and
- is an organization that doesn't cut corners to make an extra dollar.
